

Dr. John Johnson Ph.D.
Executive Officer Community Services
Past President of the American Jail Association
Miami Dade Corrections and Rehabilitation Department

Miami, FL

4/17/2024

To Whom It May Concern,

I am writing to highly recommend Dr. Barry M. Gregory Ed.D., M.Ed., BA, and Beacon Online Training and Coaching Academy. As an experienced correctional leader and professional, I had the opportunity to work with Dr. Gregory during the 2 years he provided training and consulting with our institution, and I am thoroughly impressed by his knowledge, competence, and compassion in the field of reentry and rehabilitation programs.

Dr. Gregory provided invaluable training and coaching to our correctional counselors. He introduced evidence-based practices that significantly enhanced our understanding and implementation of effective reentry programs. The training sessions were not only informative but also engaging, fostering a culture of continuous learning among our staff.

What sets Dr. Gregory apart is his dedication to follow-up coaching, ensuring that the concepts taught were not just understood but also integrated into our daily practices. He went above and beyond to provide personalized guidance and support, which greatly contributed to the success of our rehabilitation initiatives at Miami Dade Corrections and Rehabilitation Department.

Dr. Gregory possesses the expertise and passion needed to make a meaningful impact in correctional reentry and rehabilitation programs. His commitment to evidence-based practices, coupled with his lived experience makes him an invaluable asset to any organization seeking to improve their rehabilitation and reentry programs.

I wholeheartedly endorse Dr. Gregory and Beacon Academy to other potential clients. He has my highest recommendation, and I am confident that he will continue to deliver exceptional results in his future endeavors in the field of corrections.

Sincerely,

Dr. John Johnson PH.D.
Executive Officer Community Services
